Subject Fw: Interview for documentary film - Westlake Landfill

Karl,

OPA has done checks on Ms. Newman as you requested. For some of the reasons I expressed to you this morning and for others I am prepared to talk with you about, we would recommend that you suggest to Mathy his participation -- or any EPA participation in such a project -- is at best premature and at worst needlessly risky.

Rich Hood

I've asked r7 OPA to find out more about Newman's body of work. I suggest asking her to supply you with references to her film and other reportorial projects as part of your consideration of her request.

Let me know if you want to discuss.

Karl Brooks

Subject: Interview for documentary film - Westlake Landfill

Hello Mr. Stanislaus,

I am an independent filmmaker working on a documentary film project focused on nuclear waste in St. Louis, including both the FUSRAP sites and Westlake Landfill issue. The film tells the story of the sites and their current dispositions, illuminating the challenges of dealing with nuclear waste.

I would like to request an on-camera interview with you or a representative of your office soon. I am willing to come to Washington, or to interview you at any upcoming visits you plan to St. Louis. (I am based in Chicago, and if you have a trip planned there, that too would work.) The interview would take no more than one hour of your time.

Please advise. You can contact me via email or on my mobile at [REDACTED]. FOIA Exemption 6

Thank you,

Margie Newman
